# CABLE MANAGEMENT

SOLUTIONS FOR MACHINE BUILDING AND AUTOMATION

CONTACLIP
OVERVIEW: Automation and Machine Building

The global market for automation is growing. Demand for integrated and scalable products is at an all-time high to meet consumers' expectations to provide more capability and more custom equipment. More capabilities mean more sensors and controls. If you are designing new automaton equipment or upgrading and maintaining existing equipment, Conta-Clip's product range can help.

Conta-Clip offers a variety of products designed specifically for the machine builder in the automation area. We offer solutions to help solve the challenges that come with the wide range of applications and environments in which automation is used in today. Visit our webpage www.contaclipinc.com, or contact your local Conta-Clip sales rep for more information.

PRODUCTS

KDS

Conta-Clip has developed a unique system for cable entries with our KDS Click family of products. These products offer a superior method to manage cables through a cabinet. KDS Click is faster to install, easier to maintain and offers more flexibility than cord grips or other cable entry systems. See the advantages for yourself at www.kdsclick.com
Cable Routing

Inside and outside of any enclosure, all cables should be properly routed and secured. Conta-Clip offers a complete range of cable routing systems to meet the needs of any application.
For industrial cable trays, we offer full design support beginning with an online layout tool. Start your design using the **easyRoute** tool at the Pflitsch website portal www.pflitsch.de/en/pflitsch-portal

UNI Dicht

We offers a broad line of high performance cord grips to cover any application in sizes from M4 to M120, and in a wide range of body materials. Learn more about the UNI Dicht line at www.pflitsch.de/en/cable-glands/uni-dichtr/

Terminal Blocks

Our DIN rail mounted terminal blocks are available in single-level, double-level, triple-level, sensor, mini, grounding, fuse holder, disconnect, plug-in, thermocouple, test plug and direct mount configurations to meet various wire termination needs inside the cabinet. ContaClip offers a variety of connection technologies, including traditional screw connections, pressure spring for the fastest wire installations without tools, and tension spring connections for safe, fast wire connections. Visit Conta-Clip's new online product catalogue at catalog.conta-clip.com

CONTACLIP
Our Products for Your Challenges:

01 CONTA-CONNECT
Terminal blocks with Push-in
connection system
Cat. no. 98070.2

02 CONTA-CONNECT
Terminal blocks with screw connection
system and special terminals
Cat. no. 98071.2

03 CONTA-CONNECT
Terminal blocks with tension-spring
connection system
Cat. no. 98072.2

04 CONTA-CONNECT
Installation materials and other
accessories for terminal blocks
Cat. no. 98073.2

05 CONTA-LABEL
Marking components
for thermal transfer marking systems
Cat. no. 98074.2

06 CONTA-LABEL
Marking components
for ink-based marking systems
Cat. no. 98075.2

07 CONTA-BOX
Housings
Cat. no. 98076.2

08 Cable Management Systems
KDS cable entries, KES cable entries,
SAB / SSAB / SABK shielding solutions
Cat. no. 98077.2

09 CONTA-ELECTRONICS
Electrical and electronic
cabinet components
Cat. no. 98078.2

10 CONTA-CON
PCB terminals and connectors
Cat. no. 98079.2

11 CORD GRIPS
Cat. no. 98197.2

12 CABLE TRAYS
Cat. no. 98198.2
